

A meeting of the Hardin County Radio Control Modelers was conducted August 12th 2025

A motion was submitted to open the meeting at 7:00 PM. The motion passed.

Members present: Bill Rademacher Al Oertle, Steve Margolis, H Morgan, Daniel Morgan, Christopher Morgan, John Suarez, Kevin Cartwright, William Jones, Ralph Hagar, Philip Nehls, Tom Cashion

Treasurer report:

Kevin Cartright told the members we have \$499.93 in the Club Account. The cancellation of the Glider event impacted our cash. The purpose will be to discuss and identify ways to generate capital. Bill Rademacher said he would bring this up for discussion at the next Officers' meeting sometime in the next two weeks.

Membership report:

Bill Rademacher said we have 26 members registered and paid.
He introduced Philip Nehls and Ralph Hagar as new members.

Field Maintenance and grass cutting:

Al Oertle will schedule a "roundup application" on Saturday 23 August (weather permitting.)
We will need 2 volunteers to assist Al in moving tables etc.

Bill Rademacher recommends purchasing a new sign for the field to replace the wooden sign inside the landfill.

Bill Rademacher also recommends purchasing a simple sign for the gate that tells visitors to call a number in order to gain access to the airfield. This will need to be coordinated with the landfill leadership.

William Jones and Philip Nehls suggested we think about putting down a cloth runway to make it easier for fan jets to operate. Bill Rademacher asked them to put together a proposal for the membership to provide them with specifics.

Discuss any upcoming events:

Bill Rademacher mentioned a Float Fly, a Pot Luck and Night Fly as events to be discussed with the Officers at the next Officer meeting.

Philip Nehls also suggested having a Kids Event at the field. Bill Rademacher agreed to bring this to the Officers at the next Officers' meeting.

Additional Discussion:

Philip nehls would like to use a discord server for member communications. He will set it up and send Bill Rademacher the link to incorporate into the website.

* Towards the end of the meeting, a drone hovered over the runway center at about 30 feet and observed our meeting for about 2 minutes. Origin is unknown.

A motion was made to close the meeting and passed. Meeting closed at 7:26 PM
